

EVERSMILES  
ACSCOURSE

Unit 18U, 951 Wilson Ave, North York, ON, M3K 2A7

WWW.EVERSMILES.CA

## WHY EVERSMILES

### - Innovative methods of training

At EverSmiles we present new methods of training in the realm of clinical skills course. Our instructors along with our staff and faculty, strive to keep up-to-date with the most recent advancements and methods of training to ensure that EverSmiles creates the best opportunity for success in the ACS exam.

### - State of the art facilities

### - Interactive discussion sessions

During the course there are several discussion sessions based on participants' progress. This is not a simple lecture based session but a highly interactive session where every possible strategies and techniques would be reviewed in order to give students a better view of each topic.

### - Friendly environment

### - Very easy access from all corners of GTA

## WHAT'S INCLUDED

### - Short term courses for specific projects

### - Live demonstrations

### - One-on-one sessions

In One-on-One sessions provide the participants with the opportunity to ask more questions and to ask the instructors to give them a demo. There is more privacy in these sessions and they can benefit from private tutoring.

### - Power-point discussions for all projects

### - Individual assessment sessions

This is one of the unique features of EverSmiles's clinical skills course. Participants will be observed during the course and they can ask their questions at the moment form the instructors. On the other hand instructors can assess participants continuously during the course and give them specific advice wherever they need.

### - High quality demo videos

### - Mock exams and discussion sessions

### - Comprehensive conclusion sessions

# INSTRUCTORS

## DR. MAJID ZAKERI

Dr. Zakeri passed the NDEB equivalency exams with remarkable scores in his first attempt.

His great passion for teaching led him to become an instructor at the University of Toronto's Prosthodontics department since 2019.

His aim during the ACS classes is to present and transfer all of his experience and knowledge in an organized way and to make this part of the dentistry equivalency process simple and manageable for all candidates. For this aim he has a concrete plan which helps you get the most out of your practice during the course.

## DR. ALI AGHIANI

Dr. Ali Aghiani as our new ACS instructor. He passed the ACS with brilliant result on June 2018 and since then he has been teaching many people in this field and helping many participants to clear this tough exam. He has a lot to share with ACS candidates as he loves teaching and has pretty unique methods in this realm. Dr. Aghiani Speaks Russian, English and Farsi fluently.
